

UltraFinish 1L

PACKAGING

Bulk delivery preferred
275 gallon totes
55 gallon drums

APPEARANCE

Green opaque liquid

PRODUCER BENEFITS

- Reduce re-tempering
- Minimize over-finishing
- Produce lower w/c ratio mixes that are workable
- Improve finishability across all mix designs

SPECIFICATIONS

ASTM C 494 Type S
AASHTO M 194 Type S

PRECAUTIONS

Do not allow to freeze.

ADDITIONAL INFO

www.UltraFinish1L.com

Colloidal silica admixture for improved concrete performance, formulated for maximum impact on concrete with **Type 1L Portland Limestone Cement**.

Benefits:

- Improve finishability
- Increase surface densification
- Extend pot-life and workability
- Reduce plastic shrinkage cracking, curling, and crazing
- Retain surface moisture
- Promote durability
- Resist slump loss

Affordable, for everyday use!

Proper finishing is crucial to producing durable, high-quality concrete. Even on hot, dry, and windy days, **UltraFinish1L** puts finishers in control by retaining surface moisture and minimizing evaporation.

UltraFinish1L is compatible with all types of Portland cement and can be used to reduce excess bleeding, segregation, and aid in pumpability of concrete. **UltraFinish1L** contains no added chlorides and is compatible with most other concrete admixtures.
